

Appointment of new manager for AVTI

I would like to inform you that a new manager, Mr. Stanley Seth Yeboah has been appointed to manage Atorkor Vocational Training Institute (AVTI) with effect from 1st February 2015. He takes over from Rev. Robert Asiedu-Osarfo who has been transferred to manage another Institute.

I would like to pay a very special tribute to Rev. Asiedu-Osarfo for the amazing work he did at AVTI. He took over at the time of absorption of the Institute by NVTI when there were a lot of changes, uncertainty and turmoil especially regarding the fate of the newly recruited staff. But with his experience, wisdom, dedication and astute managerial skill and hard work was able to resolve those issues and stabilise the situation. He also introduced a lot of innovative programs and policies and taking the Institute from category D to B NVTI rating. This is an outstanding achievement.

On behalf of the IMC, I would like to express my sincerest and heartfelt gratitude to him and to wish him the very best in his new venture.

Yours sincerely,

Togbi Akumey –Geli Adjorlolo III
(Chairman, IMC)
